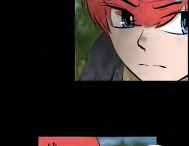
Phew ...
That was close ...

Sergeant!
I lead him down over there. He's not hurt.
Good.

What about us?

It was a tiger. I didn't expect to run into a tiger here.

I mean ask you something.
Sure, go ahead.

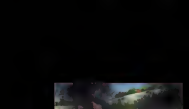


Did you truly drag us over this mess just because you want to kick up trouble?

Were you really going to just drive into it?!
HQ?

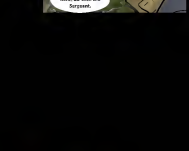
Yes !

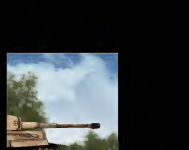
It is times like this ...
That makes me feel like you really are a witch.



But I do thank you for saving me
Unfortunately, I don't have any intention to apologize

So, thanks, Tamara.
I will go alone from here. Go with the Sergeant.





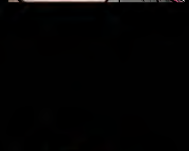
The turret is stuck ...
Hard to believe it shot me back

No matter... Come on out, Ketels.

Time to end this hunt ... !

Commander, my people...

The Khan people ruled a vast amount of land.



And even the greatest Khan knew when to withdraw when he had to.
But never accepted his defeat

We are in a similar situation.

Move our tank is dicey too. I don't think we should fight anymore.

Make this back please.

Let us get out of here together.

I swear ! I didn't know you were a guy with a silver tongue!
Ugh, don't touch my head!

You are right, Tamara.
Let us get out of here together.

C'mon, Vega get here before it gets dark, or we'll be gone over by everyone. We need to check the tiger and wave out if able.
I understand.
